SCHOOLCARE STANDS
FOR TEACHERS

SCHOOLCARE
STANDS FOR
ALBANY SCHOOLS

SCHOOLCARE
STANDS FOR
US

We stand for people. Why do you choose to live in Albany? For most of us, the answer is our schools. And at the heart of those schools are **people**. Of all the volunteer school groups, SchoolCARE is in the unique position to provide the most funding for the **teachers and staff** who transform our buildings into schools, our town into a community, and our kids into thoughtful citizens.

We stand for students. Thanks to SchoolCARE funding, library techs keep our libraries open longer so students have a quiet refuge. Counselors help kids in crisis. Enrichment and elective teachers spark passions for dance, acting, chess, computer science, and more. Math intervention specialists catch concerns before they become problems. And our children get the education they deserve.

We stand together. By now you've heard about the budget cuts that threaten Albany's schools. No one is sure yet how much the cuts will be, but we *are* sure they're coming. We're also sure that if we stand together, we'll be ready for them—because when we can't depend on adequate state funding, we depend on each other.

Stand with SchoolCARE and invest in our schools, our community, our future. Our kids are counting on us.

In gratitude,

Yael Bloom, *Albany parent and President, SchoolCARE Board of Directors*
