

Seeds of Community

Last year, Albany planted seeds of resilience, connection, and support. We came together by staying apart. Different families advocated for different things—but we *all* advocated for our kids.

The seeds you planted—by donating, volunteering, and showing up—are bearing fruit. **Thanks to you**, SchoolCARE is still going strong despite the shutdown, providing more crucial funding than ever before.

SchoolCARE is in the unique position to fund **people**: teachers, counselors, library techs, intervention specialists, and all the other vital roles that make Albany exceptional. The **people** who, online and in-person, support our kids—who need us now more than ever.

100+ volunteers annually

735+ donors in the past calendar year

98% of dollars raised directly support Albany schools

\$350,000+ fundraising goal for the next school year

Seeds of Growth

Spring is our main fundraising drive, supporting our work to ensure that every AUSD public school has the resources they need to help our kids through reopening and beyond.

We've set an ambitious goal of \$350,000—**can you help us reach it by making a donation today?**

We suggest \$500 per student and every amount helps.

As summer blooms and we warm up, get vaccinated, and poke our heads out of hibernation, let's keep nurturing what we planted.

Together, we can make sure all those seeds take root.

In gratitude,

Courtnee Hamity and Amy Yamashiro,
SchoolCARE Co-Presidents
